# Tasting Notes

## RED

Aged in French oak barrels, this is an elegant and sophisticated organic Shiraz Cabernet blend with complex dark berry, red currant and spice aromas. The well-defined oak, tannin profile and cassis fruit resulting a silky, smooth, decadently rich palate with a long, seamless finish.

Alc: 14.5%

## ROSÉ

Our single-vineyard organic Shiraz Rosé is bursting with flavours of strawberries, raspberries and ripe apples. This wine offers a smooth and fruit-driven palate, cleansing acidity and a dry, savoury finish.

Alc: 13.5%

## WHITE

Our organic Pinot Gris is full of spicy pear aromatics and displays a succulent, textural palate of nashi pear and white peach, together with a lengthy mineral acidity. Fresh and crisp, this is a beautiful, flavoursome organic white wine that has been produced sustainably, allowing the purity and integrity of our fruit to burst through.

Alc: 14.0%

# Pure Vision

Pure Vision is proudly owned and operated by the Carypidis Family in Virginia, South Australia.

Certified organic from the vine to the wine, we are organic because we understand the benefits to our vineyards, our soil, our family, our fruit and our future.

Healthy soil provides nutrients to the grapes, allowing us to produce exceptional South Australian, award-winning wines bursting with fresh, fruity flavours.

The importance of family is present in every bottle of Pure Vision and the commitment to working together to achieve excellent results and to offer high quality products, is at the heart of it all.

# Why Organic?

Organic wine is made from organically farmed grapes grown free of fertilisers, pesticides and synthetic chemicals. Over time, these farming inputs can be detrimental to the soil, planet and the wine drinker. Organic wine is produced without these harmful ingredients that are typically evident in conventional wines as residue.

Only a small amount of sulphur is used in the winemaking process to prevent spoilage, almost three times less than a conventional bottle.

**CERTIFICATION** - All our vineyards and wines are certified organic by ACO, Australia's leading certifying body.
